La nostra storia nasce nel 1953 a Pogno, dove ancora oggi abbiamo la nostra sede e i nostri stabilimenti produttivi.

Our history started in 1953 in Pogno, where we still have our headquarters and production plants.

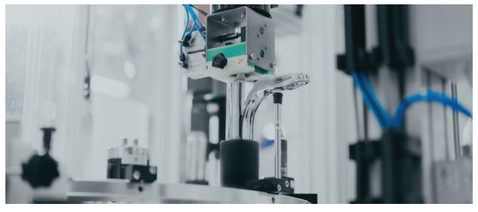

E' una storia fatta di valori e di concretezza, di passione per il lavoro e per il nostro territorio. Il nostro è un successo tutto italiano, i nostri rubinetti vengono progettati e realizzati coniugando la creatività e la cura artigianale tipici del made in Italy con le potenzialità di un' azienda industriale.
E il filo conduttore è da sempre la funzionalità del prodotto: attenzione a forme pulite ed essenziali, utilizzo di materie prime rispettose delle normative internazionali e applicazione delle migliori innovazioni tecnologiche per ottenere un prodotto in grado di integrarsi perfettamente con la sua materia prima, l'acqua.

It is a story based on values and concreteness, passion for our work and for our territory. Our success is all Italian, our taps are designed and made by combining the creativity and the handmade care typical of Made in Italy with the potential of an industrial company.
The common thread has always been the functionality of the product: attention to simple and essential shapes, the use of raw materials which are respectful of the international regulations, the application of the best technological innovations to obtain a product able to integrate perfectly with its main purpose: the water.

La nostra Azienda.

La soddisfazione dei nostri clienti passa non solo attraverso i nostri prodotti, ma anche attraverso il nostro servizio. L'attenzione all'innovazione tecnologica e ai miglioramenti continui di processo ci ha permesso di creare un prodotto dall'ottimo rapporto qualità-prezzo, ma anche e soprattutto di consegnarlo in tempi rapidissimi. La ricerca della qualità sotto ogni punto di vista rappresenta per noi un obiettivo strategico, che ci ha portato ad investire negli anni importanti risorse a sostegno della innovazione sia di prodotto che di processo, come testimoniato anche dalle certificazioni di qualità aziendale secondo le norme
UNI EN ISO:14001, UNI EN ISO:45001 e UNI EN ISO 9001

Our Company.

The satisfaction of our customers does not only depend on our products, but also on our service. The attention to the technological innovation and the continuous process improvements allow us not only to create a product with an excellent quality-price ratio, but also to deliver it in a very short time. The search of quality from every point of view is for us a strategic objective, which we have invested over the years important resources to support both product and process innovation, as also evidenced by the Certification of Integrated Management Systems according to:
UNI EN ISO:14001, UNI EN ISO:45001 e UNI EN ISO 9001
