

101,5

A technical drawing of a stepped cylinder. The main body is a cylinder with a height dimension of 101,5 indicated by a vertical arrow on the left. A smaller cylindrical section is attached to the top of the main body. The height of this smaller section is dimensioned as 1,5 with a vertical arrow. The diameter of the smaller section is dimensioned as Ø35,6 with a horizontal arrow. The drawing uses black lines on a white background.
